

Toys

*Summer Term 1
Squirrel Class*

English

During English, we will focus on stories with familiar settings. We will look at character descriptions and compare different invitations before writing our own.

Music

This term all our learning will be focused around one song; Your Imagination. We will listen and appraise before moving onto performing the song.

Maths

EYFS- we will continue to delve deeply into the number 9 and 10 before moving on 3D shape.

Year 1- the term will start with multiplication and division before we move onto fractions.

Year 2 - we will finish off our topic on measurement (capacity and temperature) before moving onto fractions and time.

Computing

This term we will focus on digital writing. We will use a computer to create and manipulate text. We will use the keyboard and mouse to enter and remove text.

Science

In Science we will identify and name a variety of materials. We will also compare the suitability of materials for particular uses.

PE

On Mondays, we will Master and become more confident with basic movements including running, jumping, throwing and catching.

On Thursdays we will participate in team games, developing simple tactics for attacking and defending.

Art

We will be making birds this term. We will look at the relationship between drawing and making.

RHE

Our focus is physical health and fitness. We will also delve into healthy eating.

RE

In Years 1 and 2 we will consider the question: Who do Christians say made the world?

In Early Years we will think about places that are special to people of different faiths.

Design & Technology

In DT this term we will be making puppets. We will learn how to join fabrics together, design our puppets and make our puppets to match our design brief.

History

This term we will explore toys! As historians we will consider how toys have changed over time and why. We will use a variety of different resources to help us understand the past.
