

Green Fingers

Summer Term 2

Squirrel Class

English

We will write instructions about 'How to plant a seed'. We will be free writers and write stories using pictures as prompts focusing on sentence structure. We will write some nature poems.

Music

This term we will reflect, rewind and replay everything we have learnt over the year. We will also be practising the songs for the end of year play.

Maths

EYFS- Will look at the concept of sharing and grouping. They will revisit all numbers to 20.

Year 1 & 2- Time will be our first topic before moving onto mass, capacity and temperature. We will finish the year with geometry.

Computing

This term we will concentrate on programming concepts. Using Bee-Bots, we will write programs to make them move.

Science

During Science, we will observe and describe how seeds and bulbs grow into mature plants. We will describe what plants need to grow and stay healthy.

RE

Years 1 and 2 will consider the question: How we should care for the world and others

In Reception we will think about what times and stories are special and why.

PE

Mon: Master and become more confident with basic movements including running, jumping, throwing and catching.

Thur: Develop balance, agility and co-ordination and begin to apply these in a range of activities.

Art

We will be looking at how artists have been inspired by the flora and fauna around them and creating our own art.

Design & Technology

We will be making smoothies. We will compare & sort different fruits from non-fruits, before taste testing and planning our final smoothies.

RHE

Our focus this term is what happens to our body as we grow up.

Geography

We will explore the question: What is it like to live by the coast? We will name and locate continents and oceans. We will learn about the physical features of the Jurassic Coast.
